There are nine funds aimed at different risk tolerances, ranging from Defensive to Maximum Growth. The Fund predominantly invests in equities, bonds, real assets including commercial property, absolute return funds, commodities, cash and other assets. The Fund may also invest to a lesser extent, in exchange traded funds, investment trusts, direct fixed income products and use derivatives for efficient portfolio management and investment purposes.

The funds are dynamically managed by our Asset Allocation Committee, which is made up of a senior team of investment professionals and chaired by our Chief Investment Officer, Chris Godding, to ensure they meet the ever-changing investment environment and stay in line with their objectives and risk level.
